# HISTORY

## 1985 to 2023

THE SKI CHALLENGE completed its 37th season this past winter. With the pandemic lingering, we were still able to have a pretty normal season with racing and indoor awards.

The Ski Challenge began in 1985 as a Twin Cities Metro Area recreational ski racing program allowing adults to ski on teams in leagues, similar to softball or bowling leagues. Approximately 35 members raced in the first year of the program. Today close to 1,000 racers of all ages participate in the leagues and as guests throughout the season. The Ski Challenge has evolved into the finest and largest team oriented recreational ski racing experience anywhere! As far as we can tell it is the largest league of its type anywhere in the world! Ski Challenge's size and long time commitment of its members are testimony to the exciting racing and quality experience that it provides.

THE SKI CHALLENGE has many great events planned for the 2023-24 season. Seven ski leagues will be offered at Buck Hill for the upcoming season. Each league consists of anywhere from eight to 16 teams, with 10 racers per team. The regular season starts in January with races being held once a week for seven weeks. Other various non-league events will also be made available at Buck Hill, Giants Ridge and Jackson Hole. All of our leagues welcome both adults and participants under 18. The season culminates with a championship race weekend at Giants Ridge which includes both team racing and individual racing.

SERIOUS FUN! Members ski through dual timed modified giant slalom race courses during each event to earn a handicap, medal, and score team points. A standardized handicap system is used to determine the handicap. That handicap is plugged into a Ski Challenge specific chart based on gender and age to determine medals and team scoring. The teams meet for socializing, awards, and door prizes after each event. No racing experience is necessary to participate in and enjoy the Ski Challenge.

Weekly printed results show team and individual standings along with news and information, sponsor information and advertising. This information can also be found on the web site. Individual scores are sent into NASTAR for each participant to gain a national ranking. The seven week League series is followed by a series of Championship events in which every member is eligible to participate as an individual and with a team.

The Ski Challenge leagues are fun for the beginner, yet challenging for those seeking serious competition. The emphasis is on enjoying the sport and the camaraderie of fellow skiers. Most members join to have a reason to ski more, to meet with friends, and enjoy a healthy winter activity.

Ski Challenge sponsors and areas enjoy the benefits of high exposure to a direct target market through their association with a program that has a proven track record and outstanding reputation.

### Our 38th season of the Ski Challenge has wrapped up! It was a great year!

Despite the crazy weather year, we pulled off another fun-filled season! Our 2023 season started off with cancellations due to too much snow, had some cold temps and then rain thrown in during mid-season, and then had to deal with more heavy snow.

# CHAMPIONSHIPS AT GIANTS RIDGE

The 2023 Championships were held at Giants Ridge in Biwabik, Minn.  
We had 480 racers starts.

Sponsors are prominently displayed throughout the weekend event.
